

## Partying the Outdoor Way

Sung to Miley Cyrus 'Party in the USA'

I hopped off the bus at outdoor school,  
with a dream and my pillow pet.  
Hoping everything here's gonna be cool,  
am I gonna fit in?

Walked in the cabin here I am for the first time,  
Looked to my right I see that bunk bed's mine.  
This is all so crazy  
Everybody's so outdoorsy.

My tummy's turning and I'm feeling kind of homesick,  
Too much pressure and I'm nervous.  
That's when the teacher took away my iPhone,  
can't listen to my favorite song.  
But the birds were singing songs,  
but the birds were singing songs.

(Chorus)

So I put my shoes on,  
We're hiking that trail,  
There's wildlife all around.  
I'm hanging out with my friends,  
hope this week never ends.

I got my water full,  
I love outdoor school,  
I know I'm gonna be okay.  
Yeaaaah eeeyaaaah eeeyaa-eeya,  
partying the outdoor way.
