

The SCAT Song

Chorus:

It starts with an "S" and it ends with a
"T"

It comes out of you and it comes out of
me.

Some call it this, some call it that
Let's be scientific and call it SCAT
It was a piece of SCAT
(Piece of SCAT!)

It sounds a little gory, but it's a true
story
It marks a territory, it's a piece of scat
(Piece of SCAT!)

You find it on the ground, shaped in a
mound
It's usually colored brown, it is a piece
of scat
(Piece of SCAT!)

CHORUS

A squirrel at a nut, digested in its gut
It came out of its butt, it was a piece of
scat
(Piece of SCAT!)

They look like raisinettes, but please
don't eat them yet
They're from a deer I bet, it was a
piece of scat
(Piece of SCAT!)

CHORUS

I was tired of TV, I was checking out
the trees
I could smell it on the breeze, it was a
piece of scat (Piece of SCAT!)

A bird flying through the air, lookout!
Beware!

Eww, it landed in my hair, it was a
piece of scat
(Piece of SCAT!)

CHORUS

It's full of FBI, you can't see them with
your eye
But without them you would die, it
was a piece of scat (Piece of SCAT!)

You can smell it with your nose, it's
gonna decompose
It's where the fungus grows, it is a
piece of scat
(Piece of SCAT!)

CHORUS

I saw a big old bear, I got a little
scared
When I checked my underwear it was
a piece of scat (Piece of SCAT!)

CHORUS
