

Dear Outdoor Educator Coordinators,

Thank you for taking the time to create an amazing learning experience for your children at Foothill Horizons Outdoor School. Your planning efforts will create lifetime memories and experiences.

New 2018-19

Adult Health Form All adults who attend Foothill Horizons will complete an Adult Health Form. This form allows Foothill to better track special diet and health concerns, as well as giving us permission to provide care in the event of an emergency. Teachers with special diets must notify Foothill in writing, either on the Adult Health Form or email.

New Policies: Lice and Special Diets Please review the enclosed Lice and Special Diet policies. No school wants to have students sent home from Foothill Horizons with lice. Similarly, we cannot accommodate the increasing special diet demands and have defined what our kitchen can and cannot accommodate.

Students with Accommodations: Plan ahead Students with severe health concerns, behavior needs and special classroom accommodations require extra planning and support at Foothill Horizons. Due to the popularity of the Parent Shadow program, Parent Shadows will be accommodated on first come first serve basis with 6 weeks advance planning. All Parent Shadows, Paraprofessionals and Nurses must be approved by Foothill Horizons and your school.

New Class Names To highlight our alignment with NGSS and CCSS standards, classes have changed names. Don't worry, students will still become Polar Bears in the creek, learn how to make careful observations on the Blind Walk and learn their place in the solar system on the Sky Tower.

Scan your forms! To save us all time, we are accepting scanned Health Forms. This process ensures you have a copy and we do too! * see SCANNING TIPS included in this packet

Thank you for all you do to educate our students both in the classroom and outside. We are here to help you and can assist you via email, on the phone or in person. Let us know what you need.
